

NEWLY INDUCTED KATALYSTS PERFORMING AN ENERGIZER!

ABOUT KATALYST

Katalyst started a decade ago with the intent of liberating women from low income communities, through the pursuit of professional education. The initiative definitively prepares young women for leadership roles, thereby creating a wider talent pool for India Inc and helping bridge the gender divide. Katalyst achieves this objective through a blend of unique development interventions, including our 600 hour proprietary and scientifically researched curriculum. Over their four years in the program, we also provide one-to-one mentorship, access to best in class technology, assistance with internships, and world class industry exposure and corporate

interactions. Set up in 2007 with 10 young women, Katalyst now has chapters in Mumbai, Pune, Bangalore and Delhi and has impacted the lives of over 1,000 girls, with 500 currently in the program. Katalyst alumni now occupy positions of seniority in prestigious MNCs and large Indian companies, both in India and abroad, as well as the Civil and Administrative Services. Katalyst is an initiative of Third Sector Partners, who is our anchor donor and India's leading executive search firm focused on socially relevant organisation.
